TO: City Council

RE: Ord. 87-10

FROM: Tim Mueller
Planning Department

DATE: September 2, 1987

This ordinance rezones about 111 acres from MQ, quarry, to ML, approves an outline plan, and designates the site a Planned Commercial Development.

The outline plan consists of a site plan, access improvements at Weimer and Tapp Roads, proposed uses, and conditions of approval. The petitioner has agreed to some changes introduced by the Plan Commission at its final hearing. The attached list of uses is based upon the ML zoned uses and incorporates the Plan Commission's terms of approval.

The conditions of approval are as follows:

1. Uses permitted per the attached list of uses. The intent is to incorporate retail or commercial trade uses into the framework of an industrial park to serve the park or as otherwise may be appropriate, but not to develop a shopping center per se. Such development would be precluded by the single entrance to Tapp, the internal street concept, and the need for additional subdivision approval should a site be created for a shopping center.
2. Access will be limited to one on Tapp, two on Weimer, as shown on the plan and approved by the County Highway Engineer.
3. The site will be buffered to the north by a 100 ft. setback from centerline for any structures along (Wapehani Road) no access to (Wapehani Road) preservation of existing trees within 25 ft. of Wapehani Road, additional screening of parking, loading, and outside mechanicals, enclosure of outdoor storage. *(Substitute North Boundary)*
4. ROW dedication 50 ft. from centerline on Tapp, 30 ft. from centerline on Weimer.
5. Individual building locations will be subject to ML height, bulk, and density requirements.
6. City Utilities Department approval of water and sewer service and Engineering Department approval of storm drainage plans supported by computations are required before permits are issued.
7. Approval incorporates terms contained in attached letter from Monroe County Highway Engineer dated August 3, 1987.

8. The following will be guidelines for development plan approval by the Plan Commission:

- a. Divide the tract into north and south portions along the east-west road to the west property line. The north part would be much more strictly controlled than the south half.
- b. No use in the PCD not permitted in ML. That is, no MG uses.
- c. No outside storage.
- * d. 100 foot buffer.
- e. Limited signage.
- * f. Limited lighting.
- g. Approved landscaping.
- h. Preserve trees.
- * i. Control noise.
- j. Control air pollution and odor.
- k. No pole buildings.
- l. Buildings to have veneer facings on sides visible to street or neighbors.
- * m. No evening or weekend activity.
- n. No high traffic generating activities.
- * o. Wapehani Road to remain residential access only.
- * p. Approvals to be by Plan Commission at public meeting.
- q. Limited access between north and south.

* Special attention will be paid to these criteria north of road to west property line.
